

EGI Community Workshops

(e-Science Workflow Systems)

Richard McLennan
richard.mclennan@egi.eu

NGI International Liaison Officer kick-off meeting
10 November 2011

Organise workshops through which to engage with user communities so that their 'Requirements' can be captured & used to improve EGI shared services.

- Event conduct - issues:
 - Shared event - Synergy
 - Single or 'back to back' event?
 - in Amsterdam or remote with NGI?
 - 1 or 2 day?
 - Chairing, hosting, fees, participation – EGI, NGI or joint?
- 1st event: Workshops on e-Science Workflows
 - to establish which ['Scientific workflow systems'](#) work with EGI resources and determine what EGI needs to do to advance.

- Workshop Outputs:
 - Compiled evidence
 - Recommendations
 - ...leading to Improved solutions on the grid (EGI)
 - ...and Success Stories for dissemination
- 1st Event Output:
 - [Workshops on e-Science Workflows](#)
 - Collaboration with SHIWA & HU NGI - Synergy
 - 9 & 10 Feb 2012 in Budapest
 - Recommendations for development of e-Science workflows

- Feedback on proposed Method
 - Workshops: central or local?
 - Collaborative (joint) or single?
 - 1 or 2 day?
 - Fees & collection?
- Actively promote & cascade [W/S on e-Science Workflows](#)
 - engage personally with ‘leaders’ and ‘users’
 - identify suitable contributors and encourage participation
- Actively promote concept of EGI workshops
