

IGE Support Schedule

Version: 1
Date: 12/10/2012

1 IGE Software Support

Release	Release Date	End of Full Support	End of Important Updates and Support
IGE 1	2011-04-30	2012-02-01	2012-08-01
IGE 2	2012-02-01	2012-10-01	2013-04-01
IGE 3	2012-10-01	End of IGE*	End of IGE*

* Support may extend the lifetime of the project. Lifetime depends on the commitment of individual partners. See section 2 for more details.

Full Support: updates are released to address issues in the code, security vulnerabilities and new features are provided

Important Updates and Support: only updates targeting security vulnerabilities and major bugs are provided. (6 months)

IGE provides each major release in a separate repository (current always being the default). All minor updates to the release are provided within the updates subfolder of the same release and are essentially replaced by the next minor update.
